

DIEGO BETANCUR

Economist | AI & 3D Designer | Customer Experience & Data Analyst

📍 Montería, Colombia | ✉️ diegobetancur@gmail.com |
☎️ (+57) 321 633 6337 | 🔗 www.linkedin.com/in/diegobetancur

PROFESSIONAL SUMMARY

Economist with over three years of experience in customer service, data annotation, and 3D motion graphics. Strong analytical skills with expertise in data analysis, statistics, and AI dataset labeling. Bilingual (English/Spanish) with excellent communication abilities. Proficient in 3D motion design using Blender, computer vision annotation, and Python scripting for automation. Passionate about AI-driven visual projects, automation, and data-driven decision-making.

PROFESSIONAL EXPERIENCE

Customer Service Operator

RFS Communications (June 2024 - Present)

- Worked remotely in Colombia for a call center connecting clients with moving companies in the U.S.
- Made outbound calls to confirm moves and connected clients with available movers.
- Handled incoming customer calls, provided assistance, and maintained high service standards.
- Consistently ranked among the top agents with outstanding metrics and goal achievements.

Customer Service - Billing Department

Nearsol (ADT Security Services) (September 2023 - February 2024)

- Provided customer support for billing-related inquiries, including invoice management and contract reviews.
- Processed payments, managed accounts, and resolved billing discrepancies.
- Utilized bilingual communication skills (English/Spanish) to address customer concerns efficiently.
- Ensured customer satisfaction by providing clear solutions and accurate financial information.

Customer Retention Agent

Teleperformance (Cox Communications & Walmart) (September 2022 - April 2023)

- Initially worked with Walmart's customer service team, handling inquiries and issue resolutions.
- Transitioned to Cox Communications, focusing on customer retention and loyalty.
- Conducted cross-selling, provided incentives, and managed service cancellations to enhance customer experience.
- Successfully handled complex customer interactions and ensured a high retention rate.

Founder & 3D Motion Designer

Lumi 3D (February 2021 - Present)

- Designed and produced high-precision 3D models for printing and motion graphics.
- Created digital assets for commercial use and animation projects.
- Led marketing and visual strategy efforts to promote products and services.

Freelance – Data Annotation & 3D Motion Graphics

(January 2023 - Present)

- Annotated images for computer vision applications using CVAT workflow, including task setup, dataset labeling, polygon segmentation, keypoints, bounding boxes, and quality control.
- Created and animated 3D models in Blender for motion graphics and AI-enhanced visuals.
- Developed Python scripts to optimize data annotation workflows and automate repetitive tasks.
- Ensured high-quality dataset generation by strictly following annotation guidelines and best practices.

Education

Bachelor's Degree in Economics

Universidad del Norte (2017 – 2022)

Awarded a full scholarship for academic excellence.

Marketing for Startups

Platzi (2023)

Blender 3D Motion Graphics & Animation

Self-Taught (YouTube, Udemy, CG Boost) (Ongoing)

Data Annotation & Computer Vision Basics

Self-Taught (YouTube, Coursera, OpenAI Resources) (Ongoing)

Python for Automation & Data Processing

Self-Taught (YouTube, freeCodeCamp, Real Python) (Ongoing)

Skills & Competencies

- ✓ Customer Support & Client Management
- ✓ Communication & Negotiation
- ✓ Data Analysis & Statistical Knowledge
- ✓ Bilingual: Native Spanish, Advanced English
- ✓ Video Creation & Editing
- ✓ Process Optimization & Problem Solving
- ✓ Data Annotation for AI: Experience in CVAT workflow, including task setup, dataset labeling, polygon segmentation, keypoints, bounding boxes, and quality control.
- ✓ Blender & 3D Motion Graphics: Creation, animation, and texturing of 3D objects for visual and AI-driven projects.
- ✓ Python Automation: Basic-intermediate scripting for optimizing annotation workflows and data analysis.

Software & Tools

- 🔧 Blender – 3D motion graphics, animation, and texturing.
- 🔧 CVAT, LabelMe, VGG Image Annotator – Image annotation for AI training.
- 🔧 Python (Intermediate) – Scripting for automation and data analysis.
- 🔧 Adobe Photoshop / GIMP – Image editing and manipulation.

Achievements

University Scholarship: Awarded a full scholarship for outstanding academic performance at Universidad del Norte.

Founder of Lumi 3D: Launched a local 3D printing business that positively impacted the community through advertising strategies and events.
